Greenstein and Paszyc of CBRE | The Boulos Company handle \$19 million sale

May 01, 2014 - Front Section

CBRE | The Boulos Company completed the sale of 107 First Park Dr., a 20,000 s/f medical office building in FirstPark. The building is leased in its entirety to MaineGeneral Medical Center. The sale was part of a marketing effort to sell two properties leased to the Medical Center on a long-term basis, with the other property being a 51,000 s/f medical office building located at 15 Enterprise Dr. in Augusta.

The 20,000 s/f building sold for \$4.3 million, completing the two-building sale to an institutional, private investment group. The sale price for these combined properties was \$19 million.

The sale of both of these properties endorses the fact that institutional investors are interested in purchasing class A properties in tertiary markets such as Augusta, according to Dan Greenstein and Chris Paszyc, CCIM, both of CBRE | The Boulos Co., which represented the selling entity.

The buyer, MMAC Acquisition Corp., a Florida corporation, was represented by Eric Tompkins, CCIM of CBRE | Healthcare Services Group and Andy Kushner, CCIM of RE/Max Commercial.

CBRE | The Boulos Co. provides real estate brokerage, management, consulting and development services in Northern New England with offices in Portland and Portsmouth, NH.
