on 39-unit West End Place: Developed by Redfern LWS; designed by Ryan Senatore Architecture  
PORTLAND, ME AlliedCook Construction, one of northern New England's premier construction management firms, broke ground on a new 39-unit development at Pine and Brackett streets in Portland's historic West End.

AlliedCook is serving as construction manager on West End Place, a new four-story, mixed-use development that will include 39 market-rate apartments. The 39,000 s/f building will also include ground-floor retail shops and a 35-space internal parking garage. The design of this "timeless" building responds to the existing fabric of the historic neighborhood. West End Place will be built to LEED standards and include solar panels and a roof-top deck. A designated parking spot in front of the development will be provided for car sharing, as well as bicycle storage.

The project is being developed by Redfern LWS, and was designed by Ryan Senatore Architecture in Portland.

Construction is expected to be completed in March 2015.
