Ellis joins Vision 3 Architects as director of BIM Technologies

September 11, 2014 - Rhode Island

John Ellis has been hired as the director of BIM Technologies by Vision 3 Architects. Ellis has almost 30 years experience in computer technologies. He has earned multiple certificates, awards, and recognition over his career to regard him as an expert in his industry. Ellis is leading Vision 3 in innovative BIM and IT technology. He develops architectural, three dimensional, object oriented and parametric building solutions for architects, general contractors, corporations, and facilities management through modeling, training, documentation, standards development and customization.
