U.S. Pavement named to Inc. magazine's 33rd annual Inc. 500|5000 list

September 26, 2014 - Front Section

Inc. magazine has ranked U.S. Pavement No. 3920 on its 33rd annual Inc. 500|5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy-America's independent entrepreneurs. Companies such as Yelp, Pandora, Timberland, Dell, Domino's Pizza, LinkedIn, Zillow, and many other well-known names gained early exposure as members of the Inc. 500|5000.

"Not only is this U.S. Pavement's fifth entry, but it's our third consecutive time as honorees of the Inc. 5000," U.S. Pavement's CEO Mike Musto said. "I couldn't be more proud of my employees and our company. As our services continue to grow, we look forward to shooting up the list in the coming years."

The 2014 Inc. 5000, unveiled online at Inc.com and with the top 500 companies featured in the September issue of Inc. (available on newsstands August 20 - November 30), is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 516%. The Inc. 5000's aggregate revenue is \$211 billion, generating 505,000 jobs over the past three years. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000.

"What surprises me, even though I know it's coming, is the sheer variety of the paths our entrepreneurs take to success, thematically reflecting how our economy has evolved," says Inc. president and editor-in-chief Eric Schurenberg. "This year there are far more social media and far fewer computer hardware businesses than there were, say, six years ago. But what doesn't change is the fearsome creativity unleashed by American entrepreneurship."

The annual Inc. 5000 event honoring all the companies on the list will be held from October 15 through 17 in Phoenix. Speakers include some of the greatest entrepreneurs of this and past generations, such as Michael Dell, Martha Stewart, host of the CNBC show "The Profit" Marcus Lemonis, Container Store founder and CEO Kip Tindell, and Chobani founder and CEO Hamdi Ulukaya.

For nearly 30 years, U.S. Pavement Services has been providing the best and most comprehensive asphalt and concrete maintenance services available in New England. From sealcoating and line-striping to crack-filling and repaving, from local streets and driveways to parking lots and massive corporate chains, U.S. Pavement's work comes big and small, all delivered to their customer's satisfaction. They also began the 1-800-PAVEMENT Network, a collection of over 125 contractors nationwide, all of whom respond to our hotline whenever someone from their respective area calls. This means that no matter where you are, U.S. Pavement or an ally of theirs will be at your service to do whatever job you need.
