Callahan Inc. making progress on 88,322 s/f Laurelwood at The Pinehills

October 21, 2014 - Construction Design & Engineering

Callahan Inc. is currently working to complete Laurelwood at The Pinehills set for completion in spring of 2015. The three-story, 88,322 s/f facility was designed by The Architectural Team (TAT) and is owned by The Northbridge Companies.

Laurelwood at The Pinehills will include 80 apartments and will provide residents with a variety of amenities including a restaurant, pub/café, art studio, library, spa/salon, theatre and fitness center.

"Independent living and assisted living options will be offered," said Patrick Callahan, president of Callahan Construction. "The community incorporates a specially designed neighborhood for those who are memory-impaired."

Laurelwood at The Pinehills is located on landscaped grounds and will provide walking trails to shops, professional services and restaurants at the Village Green at The Pinehills.

"Our projects stress the importance of creating contemporary living for seniors," said Callahan.

"Providing these modern amenities allows seniors to stay active and connected."
