Eames joins Tighe & Bond as enviro. services project manager

November 06, 2014 - Owners Developers & Managers

Bettina Eames, PG, joined Tighe & Bond as an environmental services project manager working out of the firm's Portsmouth office. In this role, she will provide Tighe & Bond's clients with professional site investigation and brownfields redevelopment services for a wide range of projects.

A Professional Geologist (PG) in New Hampshire, Eames brings 23 years of experience in environmental services to Tighe & Bond's clients. During this time, she has focused on environmental assessment and site cleanup, as well as brownfields redevelopment. She specializes in site investigation, risk assessment, remedial planning, hazardous waste management, and regulatory compliance. In addition, she is well versed in New Hampshire Department of Environmental Services (NHDES) policies, Environmental Protection Agency (EPA) brownfields clean up grants, as well as community outreach and education.

"We are very excited to have Bettina join our growing Portsmouth office team, and her experience will certainly benefit our New Hampshire and other New England clients," said David Pinsky, president and CEO of Tighe & Bond. "Her portfolio of prior environmental consulting experience and local knowledge is extensive."

Eames earned her master of science in Teaching Geology from Boston College. She also holds a bachelor of arts in Geology from Boston University, as well as a Certificate of Professional Achievement in Hazardous Waste Management from Northeastern University.

Her professional memberships include the Geological Society of New Hampshire, the Mass. Licensed Site Professional Association (LSPA), and the Northeast Economic Developers Association (NEDA).

Founded in 1911, Tighe & Bond is one of the most experienced engineering firms in New England, with offices in Pocasset, Westfield, and Worcester; Middletown and Shelton, Conn.; and Portsmouth, N.H.

Engineering News Record annually ranks Tighe & Bond among the top design and environmental engineering firms nationally. ZweigWhite also has recognized Tighe & Bond several times as one of the best engineering firms to work for in the nation.

With a team of more than 250 employees, Tighe & Bond provides engineering and environmental services for clients in government, industry, healthcare, education, real estate, energy, and water/wastewater markets.
