Northeast Suites has new accommodations at Portside at East Pier

December 31, 2014 - Owners Developers & Managers

Leading short-term corporate housing company, Northeast Suites, presents its latest evolution in providing the area's premier business travel accommodations with the new Evolve Suites luxury units at the Portside at East Pier waterfront development, located close to Logan Airport.

"The housing demands of business travel clientele have evolved from strictly extended stay offerings to a mix of nightly and extended stay rentals," said Northeast Suites CEO, Patrick Flynn.

Evolve provides views of the skyline in one of the city's most luxurious new developments, Portside at East Pier. Every Evolve Suite comes standard with 24/7 concierge, access to Portside at East Pier's fitness center, conference room, children's playroom and lounge, and parking is also available for a low daily rate. Offering both nightly and extended stay suite options, every suite features a kitchen with granite countertops, full size refrigerator, stainless steel appliances, full size washer/dryer, and all suites feature sleeper sofas.

Introductory rates start as low as \$99 per night.

Recognized as one of the fastest-growing corporate housing providers in the industry, Northeast Suites in the past calendar year has increased its property count 300%, increased revenue by more than 350%, and has opened a satellite downtown Boston office at 800 Boylston St. to meet the demands of downtown properties and clients.
