Hyatt Boston Harbor begins \$10 million guestroom renovation

December 31, 2014 - Owners Developers & Managers

Hyatt Boston Harbor has started its \$10 million renovation that will refresh the property's 270 guestrooms and suites. Located at the harbor's edge, close to Boston's Logan airport, and the city's downtown district, Hyatt Boston Harbor combines skyline views with cutting-edge design and personal service.

"Our hotel is a go-to for both business and leisure travelers looking for well-appointed accommodations in Boston," said general manager Tom Blundell. "We are updating our guestrooms with a brand new décor that reflects Boston's rich history and culture, and we hope our returning guests and travelers that are experiencing the city for the first time will enjoy the new accommodation."

Inspired by the building blocks of the city's waterfront-wood pilings, water, brick and steel, the newly redone guestrooms at Hyatt Boston Harbor will offer guests a modern yet inviting feel, with furnishings in warm red tones, accented by touches of reclaimed wood and blackened steel. Coupled with bed linen and pillows in crisp whites and neutrals, the contrasting colors will be combined to create a restful and relaxing environment. For guests' ease and efficiency, each guestroom will receive a new work desk with pop-up electrical plugs, plus LED lighting and bedside electrical outlets. The rooms will also feature comfortable, yet stylish chairs and ottomans, and decorative window treatments to match the contemporary red, brown and neutral color scheme.

The renovation, along with the location and amenities found at Hyatt Boston Harbor, will offer a well-appointed getaway for a variety of travelers.

Guestrooms also include soundproof windows, Hyatt Grand Beds, iHome docking stations and stunning harbor and city views. The hotel's signature restaurant, Harborside Grill, serves farm-to-table seasonal cuisine and offers coffees, pastries and grab and go fare. Hyatt Boston Harbor offers a fully equipped 24 hour business center, StayFit gym and 24-hour complimentary airport shuttle services. A seven minute water taxi ride brings guests to the center of Boston's business district.

Hyatt hotels are smaller-sized properties conveniently located in diverse business and leisure areas. With hotels typically ranging from 150 to 350 rooms, Hyatt hotels offer guests the opportunity to experience our hospitality in a vibrant environment. Customers include individual business and leisure travelers, and Hyatt hotels can accommodate smaller scale business meetings and social gatherings.
