## **TFMoran named Best Engineering Firm**

March 05, 2015 - Northern New England

TFMoran, Inc. has been selected as "Best Engineering Firm" in New Hampshire Business Review's BOB Awards reader's survey, which honors the best of business in New Hampshire in over 90 categories. TFMoran was established in 1968 and is involved in major engineering projects throughout New Hampshire and the northeast.

"It is a great honor that we have won three years in a row," says Robert Duval, president of TFMoran.

"This clearly shows that our civil, structural and traffic engineers, surveyors and landscape architects are focused on client service and delivering the best engineering solutions possible. And, with our recent acquisition of MSC Civil Engineers & Land Surveyors in Portsmouth, we can offer award winning professional services to the seacoast region."
