Eckman Construction to build \$15 million Residence at Salem Woods: The Architectural Team designs 78,000 s/f for LCB Senior Living

March 20, 2015 - Construction Design & Engineering

Eckman Construction has been selected by developer LCB Senior Living of Norwood, Mass. to serve as construction manager to build a \$15 million senior living development. The 78,000 s/f Residence at Salem Woods will be constructed at 6 Sally Sweets Way.

"We're incredibly excited to help fill the ever-growing need for senior living options in the Salem area," said Preston Hunter, vice president, Eckman Construction.

The Residence at Salem Woods is scheduled for completion in early 2016. The Architectural Team is providing architectural services.

The 84 unit/90 bed apartment building will include a mix of studio, one-bedroom and two-bedroom apartments and will feature a reflections memory care wing, which will provide services for residents with early stage Alzheimer's disease and other memory impairments. Amenities including living rooms, library, computer room, private dining, entertainment, recreation areas, cafes, walking paths, sitting areas and gardens will be available for residents and guests.
