"The Davis Companies is proud to be a founding sponsor and event honoree at Building Impact's 3rd Annual NonGala. BI's model of bringing a building's tenants together, with the dual goals of building community and leveraging it for good, is innovative and powerful. BI's program is a great service, both to those in need and to our tenants and their employees, who are anxious to make a difference in the lives of those less fortunate," said Jonathan Davis, founder and CEO of The Davis Cos.

Building Impact's mission is to strengthen communities by providing companies and individuals with the knowledge and opportunity to volunteer, donate, and connect in the buildings where they work or live. Building Impact currently partners with 15 real estate firms including the corporate real estate founding partners of National Development, The Davis Companies, Paradigm Properties and The Bulfinch Companies, across greater Boston to service over 50 buildings. 100% of the goodwill, volunteerism, product donations, and interest is given to Building Impact's nonprofit network of around 200 partners in Greater Boston and beyond, addressing issues such as youth & education,

hunger & housing, environment, job training, literacy, and community health.
