Green Leaf Construction renovates St. Leo School - donates services

April 16, 2015 - Front Section

Green Leaf Construction has completed renovations to update restroom facilities for St. Leo School. "We have donated our services to manage these renovations, and worked with our largest customer, FW Webb Company to provide fixtures at a low cost. This has enabled our neighbors at St. Leo's to perform much needed upgrades for their students, faculty and staff," chief operating officer Tom Dube said. "We are committed to supporting our community and are proud to work with such an active, integral part of Leominster."
