## **Consigli Construction ranks in top "Best Places to Work in Connecticut" for 3rd year**

April 16, 2015 - Connecticut

Consigli Construction Co., Inc. has been ranked in the top "Best Places to Work in Connecticut" for the third year in a row, according to a survey sponsored by the Hartford Business Journal. The honor recognizes Consigli's achievements in creating a positive work environment that attracts and retains employees through a combination of employee satisfaction, working conditions and company culture. Consigli was ranked at #3 in the large-firm category and was one of 35 companies recognized.

"Being recognized as a Best Place to Work by our employees is an incredible honor and shows that we care not only about the work, but also about our great team of people who all enjoy making a positive impact in our communities through the building industry," said Mike Walker, area manager for Consigli's Connecticut operations.

Employees from public or privately-held companies across the state completed a two-part independent survey administered by Best Companies Group addressing such factors as company policies, practices, philosophy, systems, demographics and employee experience. This comprehensive assessment allowed workplace experts to perform an in-depth analysis of each company's strengths and weaknesses and ultimately determine which companies deserved to make the list. Seventeen large companies and 18 small to mid-sized companies were selected.
