Mabbett & Assoc. creates new MEP group

April 16, 2015 - Construction Design & Engineering

Mabbett & Assoc. has established a new mechanical, electrical and plumbing (MEP) engineering group to serve its federal, state, municipal and private clients.

Mabbett's engineers evaluate, design, troubleshoot and optimize MEP systems in healthcare facilities, high-tech research labs, and industrial and educational buildings.

Arthur Mabbett, chairman said "The MEP engineering group will focus primarily on renovation and facility upgrade projects with a specification in health care and related facilities."
