Save the date! May 26 - Norwalk rising

May 14, 2015 - Connecticut

Norwalk has entered an era of unprecedented growth. Multiple new apartment buildings have sprung out of the ground or are planned and now General Growth Properties appears poised to make the "95/7" project into a reality. What makes Norwalk so attractive for residential and retail development growth? Norwalk has the largest pipeline of current and planned development activity in the city's history and could top \$750 million in value. Among them are a dozen large scale projects including three 150,000 s/f retailers. When completed, it could transform Norwalk into a premier shopping, living and working destination.

Join your REFA colleagues at the Stamford Marriott from 11:45 a.m. to 1:30 p.m. to hear from Doug Adams of General Growth Properties, Paxton Kinol of Waypointe, and Moderator Clay Fowler of Spinnaker Real Estate Partners. They will discuss the new developments in Norwalk including luxury apartments, retail and office space.
