Vision 3 Architects designs 3,200 s/f

June 25, 2015 - Retail

As part of a continuing effort to establish a new brand identity, BayCoast Bank and Vision 3 Architects partnered to renovate and expand their existing branches and design a new 3,200 s/f interior contemporary banking concept based on a "pod" design. Vision 3 Architects' design continues to embrace BayCoast's new brand identity and features a multiple lane drive thru and an open-concept floor plan including a technology bar and a Smart ATM. The branch offers new technology through an Interactive Teller Machine (ITM), providing a higher level of customer service and enabling the bank to offer extended hours.
