The project is coined as a transformative adaptive reuse. This Somerville gem is ideally located on the Cambridge line near Lechmere Station and a short walk to Kendall Sq. Millbrook is by design using the century old concrete structure to create a new urban lifestyle that offers remarkable panoramic views. High exposed concrete ceilings

and floor-to-ceiling windows will characterize the plentiful living spaces. A newly constructed eighth floor will provide additional apartment homes with private terraces. Occupancy is targeted for the fall of 2015. Millbrook Apartments will offer a mix of studio, one-bedroom, and two-bedroom apartments with contemporary finishes that contrast imaginatively against this historic structure. Residents will enjoy a spacious roof deck set amidst a green roof, state-of-the-art fitness center, and expansive clubroom and gallery. Five apartments will be designated for artist live/work residents on the ground floor and common studio space will also be provided. The basement will provide garage parking, resident storage spaces, and ample bicycle parking. To top it off, Millbrook will be LEED Gold certified.
