North Branch reaches milestone on 13,280 s/f Mascoma medical facility

January 20, 2017 - Construction Design & Engineering

Mascoma Community Health Center medical facility - Canaan, NH

Canaan, NH North Branch Construction has completed roofing and windows of the new Mascoma Community Health Center medical facility, making the building weather-tight in time for winter. Siding and mechanical roughs have begun. The new single-story, 13,280 s/f facility is located at the corner of Roberts Rd. and Rte. 4 and will serve the communities of Canaan, Dorchester, Enfield, Grafton, and Orange. This comprehensive primary care facility is the flagship location for the new community owned and operated Mascoma Community Health Center.

The building will contain several exam rooms, offices, a pharmacy, phlebotomy lab, and nurse triage, and will provide many services including general exams, dentistry, radiography, behavioral health, bariatrics, nutrition and diabetes education, and physical therapy and rehabilitation.

Construction is expected to be complete by spring 2017. Design for the project is provided by Stratton Brook Associates.
