Door Systems introduces new contemporary logo

January 30, 2017 - Construction Design & Engineering

Framingham, MA The Door Systems organization has refreshed its logo. The 66-year-old business now has new colors in a clean and contemporary logo. In addition, each retail location is now represented by this new image. This decision was made to help consumers identify the members of this well-known professional garage door group. “We keep the same great team to serve you. Only our image and the names of a few locations have changed”, said Lars Niit, president of Door Systems. By name changes, Niit is referring to Jayton Door Corp., in Smithfield, R.I. that recently became Door Systems Rhode Island and DSI Door Services, Inc. South Shore, in Norwell, Mass., that became Door Systems South Shore. Door Systems has been selling and servicing garage doors and entry doors in New England since 1961. With nine retail and four wholesale locations, this regional garage door group employs 72 people in New England.
