Bedford Design Consultants celebrates 30 years in business

March 17, 2017 - Construction Design & Engineering

Manchester, NH March 13 marks the 30th anniversary for Bedford Design Consultants, Inc. President Robert Baskerville said "In 1987 we were a small civil engineering and land surveying company. Three decades later we have grown into a design firm that also specialized in landscape architecture and environmental engineering. Throughout 2017 we will look back at where we started, what we have achieved, and what our plans are for the future."

We have remained strong through the challenges of the recent past economic climate. We are excited for the future and see a tremendous opportunity ahead. Our goal is designing successful projects while making client needs our foremost priority."
