DiPrete Engineering promotes Dellit to senior project engineer

March 10, 2017 - Rhode Island

Brett Dellit, DiPrete Engineering

Providence, RI DiPrete Engineering has promoted Brett Dellit to senior project engineer. An Australian native, Dellit joined DiPrete in May 2015 as a project engineer and has 17 years of engineering experience within the U.S. and Australia.

Throughout his time with DiPrete, Dellit has increased his knowledge of state regulations, particularly in Mass. and R.I. "I have also learned that from top to bottom, this company has a great team mentality," said Dellit. "Any system works best when everyone buys in, and the staff at DiPrete do it without a second thought."

Dellit has become a valued member to the DiPrete team as he manages projects, contributes to the constant improvement of company standards, and oversees engineering designs.

Over the past year, Dellit has worked on several development projects including the Citizens Bank Campus, Forbes Crossing mixed-use redevelopment, and Reynold's Farm single and multifamily development.
