North Branch Construction completes Mascoma Community Health Center

August 18, 2017 - Construction Design & Engineering

Canaan, NH North Branch Construction has completed construction of the new Mascoma Community Health Center. The new single-story, 13,280 s/f facility is located at the corner of Roberts Rd. and Rte. 4.

Stratton Brook Associates provided design for this project.

The center contains several exam rooms, offices, a pharmacy, phlebotomy lab, and nurse triage; and will provide many much-needed services to the area including general exams, dentistry, radiography, behavioral health, bariatrics, nutrition and diabetes education, and physical therapy and rehabilitation. This comprehensive primary care facility is the flagship location for the new community owned and operated Mascoma Community Healthcare, Inc.

Mascoma Community Healthcare is a non-profit organization developed with a mission to promote health in its communities with a health center that draws local resources together to provide personal, affordable, accessible, and quality care. The location of the new facility accommodates many communities that are not in close proximity to comprehensive medical care services.
