The IFMA Boston committees have been working harder than ever to create more facility management content. Every other Tuesday IFMA will drop into your inbox with their upcoming live events, webinars, and articles of interest all focused on one of their 11 core competencies. This is to assure that all of the programming that they bring to members is focused on facility management. For all of the members, you also receive a monthly newsletter entitled The LOOP.

If you haven't already, check out the new IFMA Boston LinkedIn home page and please connect. LinkedIn is a great tool to interact with your fellow members. Start up a conversation, follow and share. Motivation Monday, tell us about your favorite quote or mantra. Tuesday might be a TidBit or a technology trend, Wacky Wednesday for fun, Throwback Thursday of photos past and Facility Friday (Facility management informative articles.)

You can also view the IFMA Blog directly from the IFMA Boston website: <http://www.ifmaboston.org/> and connect, interact, follow and share all IFMA Boston social media channels)

The Community Action Council previously part of the PR & Marketing committee will now be implemented by a couple of our directors to welcome all IFMA Boston members to participate, so stay tuned.
