STV|DPM completes 85,540 s/f relocation project at Naugatuck Valley Community College

December 15, 2017 - Connecticut

Waterbury, CT STV|DPM completed a procurement and relocation project on the campus of Naugatuck Valley Community College (NVCC).

STV|DPM was retained by the college to provide comprehensive furniture, fixtures and equipment (FF&E) procurement and move management services for the extensive project, which involved phased relocation and delivery within Founders Hall. The 85,540 s/f academic building houses the college's allied health programs and recently underwent a \$43 million dollar renovation.

Project executive Mark DuPre, Sr. Assoc. AIA, senior project planner Roxanne Perugino, LEED AP, and assistant project manager Eric Byrd, all with STV|DPM, oversaw the delivery and installation of nursing, EMT, and physical therapy equipment.

In addition, the STV|DPM team led an alternative, cost-effective purchasing solution for administrative space, which involved the use of reclaimed furniture from another state agency.
