Portside Real Estate Group celebrates new Falmouth headquarters

February 02, 2018 - Front Section

Falmouth, ME Portside Real Estate Group officially opened their new headquarters location at 417 Route One. The new location bucks the current real estate trend of remote work, and offers agents a place to collaborate with colleagues and have more face-to-face interactions with clients.

To celebrate the new office, Portside will be having a Community Open House Event on Wednesday February 7 from 11:00 a.m. to 1:00 p.m. Special to this event, Portside partnered with Kamasoupra to create custom soups and grilled cheese combinations. Guests will enjoy these combinations in reusable soup warmers.

“After having our best year yet, this space is opening at the perfect time,” said Dava Davin, owner of Portside “This is a great location for Portside, given the new construction and re-zoning initiatives on Route 1, and we are excited for what the future holds.”

Partnering with Barrett Made and Foreside Design, Portside incorporated a timeless and transitional style throughout their new headquarters with increased natural light, green features, community gathering spaces and more agent offices. The real estate group also worked with Conductivity Point and Systems Engineering to take advantage of energy efficient features and increased technology.

Portside moved to their new headquarters at the end of last year. The Portland office, which was opened in 2015, will remain at 330 Forest Ave., which includes a rental division, serving buyers, sellers and renters.

Portside recently acquired RE/MAX Heritage, adding a Yarmouth location and continuing its growth and expansion in Southern Maine.
