## **Sanders named director of sales and marketing at EPOCH Senior Living's Waterstone at the Circle**

February 02, 2018 - Front Section

Boston, MA EPOCH Senior Living has named Amy Sanders director of sales and marketing of Waterstone at the Circle, a luxury independent living community now open at 385 Chestnut Hill Ave. Sanders joins Waterstone at the Circle with 20 years' experience in marketing and sales for senior living communities.

Sanders has worked in a variety of senior living settings, including assisted living, independent living and skilled nursing. In addition, she has helped numerous senior living organizations expand to new locations. Prior to Waterstone at the Circle, Sanders served as sales director for a Massachusetts-based senior living organization.

The 92-apartment Waterstone at the Circle independent living community for active adults was developed by National Development of Newton Lower Falls and is managed and operated by EPOCH Senior Living of Waltham. Waterstone at the Circle is part of a larger development that includes a 162-room AC Marriott hotel, retail and dining. Located at the corner of Beacon St. and Chestnut Hill Ave., the development straddles the Brookline and Boston boundaries.

The Waterstone at the Circle independent living apartments is an extension of the Waterstone brand, developed by EPOCH Senior Living when it opened Waterstone at Wellesley in 2012. Amenities include a fitness and aquatic center, restaurant-style dining room, theater and underground parking.

Services include housekeeping and transportation, and residents have access to a robust cultural and recreational activities program, personal training, social events and more.

The historical Cleveland Circle site housed the New Circle Theatre, which delivered live performances from 1940 through 1965 before being redeveloped as the Circle Cinema and various restaurants. The landmark metal "Circle" sign was incorporated into Waterstone at the Circle's design. The Boston Redevelopment Authority and the Brookline Zoning Board of Appeals approved the development in 2014.
