2018 Women in Construction: Melissa Sierra Senior Associate WSP USA

March 30, 2018 - Spotlights

Name: Melissa Sierra

Position: Senior Associate

Company: WSP USA

Years in the A/E/C Industry: 17 years

Why the A/E/C Industry? I went to school to be an engineer because I loved math and science. Which allowed me to find a career in the A/E/C industry. I chose this industry because I loved the concept of putting pen to paper then being able to go to the buildings to see my work being built.

Advice/Keys to Success: In this industry you need to be determined and hard working.

Are you aware of the film Hard Hatted woman? If so, what does a film like this mean to you? No, I am not.
