CERC's 25th Anniversary Celebration and Golf Event - July 30 at Lyman Orchards Golf Club

July 20, 2018 - Connecticut

Middlefield, CT Join CERC on July 30 for the 25th Anniversary Celebration and Golf Event at Lyman Orchards Golf Club.

This year's event will feature a panel of speakers during a post-golf lunch (open to non-golfers) to provide insight and advice on "The Anatomy of a Deal." The panelists will break down a recent Connecticut project and tell the story of their part in the deal and challenges they had to overcome to achieve success.

All development projects are unique and go through stages including: property acquisition, development planning, architecture, engineering, town permitting, construction, fit-out and more. Join CERC and colleagues in the commercial real estate, economic development, and construction industries to lift the veil on this recent Connecticut development deal.

Whether you attend just the lunch or the full day with golf, don't miss this great opportunity to network with members of Connecticut's economic development community!

Sponsor opportunities are still available for valuable exposure.

To register, visit www.cerc.com/events.
