What year did you discover the New England Real Estate Journal? We discovered the NEREJ 14 years ago and it has been an integral part of the Foncellino marketing success.

In what way has the New England Real Estate Journal been a benefit to you and your business? We have a full page running every month in the RI section advertising our listings. We have many prospects contact us as a result of these ads. We also have press releases in the RI section which helps our branding. We use these press releases which Karen Dowel provides us with to help on our listing appointments.
