What honor, achievement or recognition means the most to you and why? Completing what my clients want in the most efficient and satisfactory manner is the best achievement I can hope for in my line of work.

What is the best advice you have received, and who was it from? Even if you have nothing to report, call the client anyway and say hello. This came from my previous law partner, Saul Feldman.

What are some of the benefits of being a mentor or having a mentor? Having a mentor is like being in school forever. You are always learning and keeping your mind sharp and work projects interesting. It's the best of all worlds.

What recent project or transaction are you most proud of? The complex acquisition and refinancing of an industrial complex outside Boston earlier this year presented a new challenge, which I was happy to handle and see to completion.

Who or what has been the strongest influence on your career and why? I have been fortunate to work with some exceptional attorneys – too many to name here – who have taught me ever so much about the art and grace of lawyering. I am indebted to them for life.
