What is the best advice you have received, and who was it from? "Choose a job you love and you will never have to work a day in your life" (Confucius) I was working for Fortune 500 Companies in various senior positions. I finally became disillusioned by constant travel and stress, so in 2003 I took a break from corporate life. I began working for a small real estate developer managing new home sales. I never looked back. Now I look forward to each day and I really do love what I do.
