Abbot Building Restoration

Our most notable project in 2018 was the comprehensive masonry repair of a series of residential apartment buildings owned by Hemenway Apartments in Boston's Fenway neighborhood.

A key stipulation was the first phase be fast tracked so that work would be initiated immediately and continue through the winter with the target for completion in spring 2018. Phase 2 would follow in the summer 2018. The scope of the work consisted of cutting and pointing all of the brick joints, replacing deteriorated pre-cast stone window headers and sills, and caulking all of the windows.
