We have been blessed to work on so many great projects this year I couldn't pick just one. As we have been growing in the science & technology sector, 2018 brought some fantastic and challenging projects for clients that include Sarepta Therapeutics, Alexandria Real Estate, Sage Therapeutics, Instrumentation Laboratory and ClearMotion to name a few.

Two notable projects that will always be special to me are the Dr. Lucy Sewall Center for Acute Treatment Services for the Dimock Center and the Home for Little Wanderers project, both in Roxbury, Mass.
