E.L. Harvey & Sons, Inc. receives Innovative Environmental Award

July 23, 2008 - Green Buildings

E.L. Harvey & Sons, Inc. received the EBEE EBC Award for Outstanding Innovative Environmental Technology Application sponsored by the Environmental Business Council of New England (EBC) at an awards ceremony held on June 5 at the Westin Hotel in Waltham. Accepting the award for E.L. Harvey and Sons was James Harvey, CEO of E.L. Harvey & Sons, Inc.

This award, established by resolution of the board of directors of the EBC on March 4, 2002, is presented to an organization that has developed a creative engineering technique, business practice,

project management method, or human resource policy that has resulted in outstanding, distinct benefit to the environment. E.L. Harvey & Sons was presented this award in recognition of outstanding innovative environmental technology application for the development of a processing facility to recycle construction and demolition materials.

Since 1911, E.L. Harvey & Sons, Inc. have been leaders in the waste management and recycling industry.
