2019 Women in Construction: Kristen Stachowski, Office Manager at Erland Construction, Inc.

March 29, 2019 - Spotlights

How many years have you been in your current field? 11

What were your biggest fears when you started out in your profession? My biggest fear when I started out was failing because I was going into a field I had never worked in. Erland really took the time to foster my learning and allowed me to embrace all of the future opportunities that were presented to me in this role. Having that support has made me truly successful in my position.
