The Haynes Group earns STEP award from ABC

June 07, 2019 - Owners Developers & Managers

Woburn, MA According to Associated Builders and Contractors of Massachusetts (ABC) and the Gould Construction Institute (GCI), ABC's training affiliate, The Haynes Group, Inc. was named a Bronze Safety, Training, and Evaluation Process (STEP) award recipient at the 15th Annual Safety & Education Dinner held on May 16th at the Burlington Marriott.

"A contractor's most valuable resource is their workers. There is nothing more important than jobsite safety," said GCI president Julie Kelliher. "This year's STEP award recipients deserve each and every accolade they received by continuing to raise the standards of safety, training, and education throughout the construction industry."

STEP is a national ABC program that provides safety benchmarking and improvement tools that has been shown to dramatically improve safety performance among participating companies. Established in 1969, STEP was developed and written by contractors, for contractors. Companies measure their safety performance and policies through a review of 20 key components with a goal of enhancing safety programs and reducing jobsite incident rates.

STEP Awards are presented annually to ABC member companies with exceptional safety records and this year's applicant pool was very competitive, with 60 companies recognized for their outstanding commitment to jobsite safety. Applicants are evaluated on a number of statistical factors such as incident rates, lost time and OSHA recordables. The Safety & Education Dinner banquet is ABC/GCI's premier annual event.
