Albert promoted to project executive at Landry/French Construction

July 19, 2019 - Construction Design & Engineering

Derek Albert,
Landry/French Construction

Scarborough, ME Landry/French Construction has promoted Derek Albert to the role of project executive.

Albert has 23 years of project management experience in the commercial construction industry, including projects in excess of \$200 million. In his new role, Albert will provide overall team leadership and ensure client satisfaction. Albert recently served as senior project manager on the new \$25.5 million Bill & Joan Alford Main St. Commons project at Colby College, and as project executive will continue servicing Colby's other ongoing projects.

“Derek is a recognized leader in the construction industry, and has earned a great reputation for client satisfaction,” said executive vice president Kevin French. “His strong leadership skills will be a tremendous asset to Landry/French as we focus on our continued growth throughout New England.”

Albert holds a Bachelor of Science Degree in Construction Management from Wentworth Institute of Technology.
