What recent project or transaction are you most proud of? I am very proud to have been part of the team that recently completed a lease with the Boston Celtics that brought the team back into the city of Boston. As a fan and former player, it was exciting to work with Celtics ownership to deliver them a unique space overlooking the Masspike at Boston Landing. This deal provided them the state-of-the-art practice and training facility that would put them on par with other championship caliber NBA organizations. They continue to be a great tenant and welcome partner to our extended team.
