What is your favorite motivational quote and who was it by? “Twenty years from now you will be more disappointed by the things you didn’t do than by the ones you did do. So, throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover.” -Mark Twain.

Who inspired you to join the CRE Industry? As a child, I admired the architectural drawings of a family member and it inspired me to go to architecture school. While working in architecture firms early in my career, I enjoyed working in the field and learning how to solve problems in real time, and this inspired me to work in the construction industry.
