## **sweetgreen, Skin MD and Blo Blow Dry Bar to open at Burlington Mall**

April 24, 2020 - Retail

Burlington, MA According to Simon, sweetgreen, Skin MD and Blo Blow Dry Bar will join The Village at Burlington Mall in the coming months. Shoppers will notice the property-wide transformation is well underway with new dining, retail and personal services concepts coming to The Village and the lower level Primark Wing within the premier shopping center.

sweetgreen, set to open this summer, will offer salads and grain bowls with locally grown ingredients whenever possible. The Village location will be a destination for simple, seasonal and healthy food choices.

Skin MD is one of the area's top medical spas that will improve the quality of your skin, the shape of your body and your overall wellbeing. The wide range of cosmetic and laser treatments will be staffed by highly experienced registered nurses and aestheticians.

Another personal service set to debut this spring will be Blo Blow Dry Bar: North America's original blow dry bar. For a convenient one-stop-beauty shop, the dedicated staff will ensure clients receive that catwalk-quality blowout in addition to make up services.

"We are always looking for ways to elevate the shopper's experience and this exceptional line up of fast casual dining and personal services is exactly what the Burlington Mall customer is looking for. Beyond access to the very best in retail we are thrilled to keep adding a variety of unique dining and personal services that really complement our offerings. It's an exciting time at Burlington Mall as we are about halfway through our center wide redevelopment." said Justin Feldhouse, general manager, Burlington Mall.

Modern Acupuncture just opened their doors at The Village at Burlington Mall and Stretch Lab will open at The Village this week.

Additional details including other new retail concepts, exterior improvements and more will be announced throughout the duration of the multi phased project.
