FinanceBoston arranges \$5.5 million construction loan for a waterfront development in Swampscott

September 11, 2020 - Financial Digest

Swampscott, MA FinanceBoston has arranged senior debt financing for the construction of a six home development in the town on the North Shore of Boston.

“The financing was completed with a local bank who saw the potential for the project and understand the rarity of new construction homes on the Atlantic Ocean,” said Brian Rooney of FinanceBoston. “As a resident of Swampscott myself, I’m proud to have played a small role in this project and am excited to see the final product. This developer has raised the bar with the level of finishes. Ocean Edge Estates is a truly breathtaking development.”
