WS Development offers outdoor shopping experiences at Seaport

December 18, 2020 - Retail

Boston, MA Boston Seaport by WS Development is determined to keep spirits bright this winter with a program of outdoor and shopping experiences. Visitors can board festively decorated Circuit shuttles for complimentary rides across the neighborhood; find the magic in holiday shopping as various restaurants and shops play host to Winter Wonder Walks; discover winter games and activities at Snowport; or simply revel in the neighborhood's extensive holiday decor. Each weekend in November and December, visitors will also encounter surprise and delight moments, including socially distant meet and greets with winter legends like Betty the Yeti, and find playful "Winter Wonder Boxes" across the neighborhood. Anyone who spies a Winter Wonder Box can unwrap giveaways and perks from local businesses that meet the demands of the season, be it gloves for a snowball fight or handwarmers for a chilly day.

"Seaport has become the best place in Boston for those wishing to embrace winter. This year, we were challenged to determine how best to continue to support neighborhood visitation in a way that puts safety first. From Snowport, our outdoor winter game destination, to Winter Wonder Walks every Saturday through the holiday, to branded, open-air, electric vehicles carrying hot pink trees available to transport shoppers from one end of the district to another, we're committed to preserving the magic of the season for those seeking it this holiday," said Maggie Smith, senior vice president, brand & marketing, WS Development.
