Jack Conway offers multiple options for the modern seller

April 09, 2021 - Spotlights

Norwell, MA Jack Conway, one of the top family-owned and operated real estate companies based in Massachusetts, recently introduced “Conway Seller Select” for local homeowners.

“Conway Seller Select,” powered by zavvie, provides local homeowners with all the newest selling choices, including instant all-cash offers from iBuyers, a buy-before-you-sell choice from bridge providers, and a pre-sale renovation program, HomeRedi where there are no upfront costs.

Jack Conway has more than 700 agents in over 29 locations statewide. Headquartered in Norwell, Jack Conway serves communities throughout the North Shore, Greater Boston, South Shore, Cape Cod and the South Coast of Massachusetts.

Still a traditional real estate brokerage, what these additional options bring are convenience, speed and predictability. Conway knows that trust and knowing all your options are paramount in providing the best service to clientele. They understand you have options. Their technology allows their agents to walk you through all your selling opportunities, including getting multiple offers from Instant Offer Companies and buyers looking for homes like yours. If you want a quick cash offer on your home - let them advise you on the best path for your unique circumstances. They help you assess the surety, speed, convenience, and – of course – financial benefit of all selling opportunities.

“At Jack Conway, we believe that every homeowner deserves superb representation no matter what choice they make. We help those thinking about selling assess the surety, speed, convenience and, of course, financial benefit of all selling opportunities,” said Al Becker, executive vice president and COO of Jack Conway.

“For the first time, homeowners can receive multiple offers on their homes with the push of a button. Most importantly, now more than ever, sellers need the guidance of a trusted agent to walk them through all of their selling choices,” said Becker.

“Jack Conway is changing how Massachusetts homeowners will sell their homes today and tomorrow,” said Lane Hornung, zavvie co-founder and CEO. “By offering the newest choices—iBuyer and Bridge—they are leading the marketplace by providing all options available to sell a home, along with the guidance and expertise of a trusted, knowledgeable, local agent.”

“The biggest challenge for real estate today is inventory, and ‘Conway Seller Select’ helps homeowners who are stuck. The new Bridge choice allows you to buy your new home before you

sell your current one. That's what is keeping many homeowners from selling today. And by making sure that a Jack Conway real estate agent helps walk sellers through every choice, they are giving consumers what they are asking for," said Hornung.
