Rotunda promoted to head DeStefano Mangel Studio in Portsmouth, NH

June 18, 2021 - Construction Design & Engineering

Britni Rotunda

Portsmouth, NH According to Mangel Architects, Britni Rotunda, AIA, has been promoted to the DeStefano Mangel studio manager for the firm's local office.

Prior to her new leadership position, Rotunda, served as a project architect at DeStefano Mangel Architects, where she was responsible for overseeing many of the studio's largest and most complex projects. A graduate of the University of Colorado at Boulder with a degree in environmental design, she has over 10 years of project management experience across a wide range of projects in the custom residential and commercial markets.

"Britni is talented designer and a terrific advocate for our clients," said Lisa DeStefano, principal at Mangel Architects. "Her passion for architecture, strong leadership skills, and dedication to exceptional design made her a natural choice to lead the Portsmouth studio. I am excited for the future of the studio and look forward to its continued success under her leadership."

In 2019, Harvard, Mass., based Mangel Architects acquired DeStefano Architects of Portsmouth. The acquisition accelerated the firms' growth trajectories by immediately adding bandwidth in both capacity and geography. The combining of firms added a depth of design talent in urban in-fill and custom residential markets and extended Mangel's geographical presence across all commercial market sectors throughout New England.

In recognition of DeStefano Architects' long-standing reputation for exceptional design and client advocacy, Founder Lisa DeStefano was named a principal of Mangel Architects and DeStefano Architects was renamed DeStefano Mangel Architects. The firms now operate as one, maintaining corporate offices in Harvard and the DeStefano Mangel Studio in Portsmouth.
