Worcester, MA A ribbon cutting celebration to announce the opening of Summit Health & Wellness Center and Summit Campus for children and young adults with Autism and related diagnoses took place on Thursday, June 17th.

The ribbon cutting was a celebration of the addition of the Summit Campus and Health & Wellness Center which was a natural progression of the Summit Agency's mission. Their goal is to support this vulnerable and underserved population in the Worcester community, and the surrounding areas.

This comes at a good time as the prevalence of ASD (Autism Spectrum Diagnosis) and related diagnoses are on the rise. According to the CDC 1 in 54 children are diagnosed with ASD. In the US alone there are roughly 550,000 children with ASD who will be transitioning into adulthood over the

next decade, and it is expected that approximately 45% of these emerging adults will enroll in a university, college, or technical/vocational school in the coming years. Springer's Journal of Autism and Developmental Disorders. (January 2018)

There were over 70 guests, and the celebration included a tour of the facilities, refreshments and hors d'oeuvres, along with raffles for a Worcester Railers gift basket and gift cards to Wings Over Worcester, Smoke Stack Urban BBQ, 'Olo Pizza and Meze Estiatorio.
