2021 FMForward Boston replays now available

August 06, 2021 - Owners Developers & Managers

We had an incredibly successful FMForward as a virtual 4-day conference in March. We had two keynotes and 19 power speakers along with FM round tables, daily fun diversions hosted by our WIT student members, and our 18th Annual Awards of Excellence! Visit the IFMA website to access the replays.

Leadership Within The Chapter

Each year, IFMA Boston hosts a leadership summit, bringing together all of their chairs and co-chairs for a half day of networking, brainstorming, and best practices. This year was planned and hosted by volunteers Tom Hammill of WB Meyer, Jennifer Piazza, CFM of Harvard Radcliffe Institute, Catherine Stone of Skanska, and Carissa Kelly of Harvard Medical School. It brought together at least one volunteer from each of the committees across the chapter. They discussed diversity within the industry and the chapter, how to boost engagement in online programming, and reviewed the roadmap to leadership within the chapter. The group is looking forward to an opportunity to gather in person soon!
