September 24, 2021 - Spotlights

Caitlin Greenwood, AIA, IIDA
Architect & Associate

What are some of the benefits of being a mentor or having a mentor? There is always an opportunity to learn and grow professionally. Having the right mentors allows you to explore new ideas, build your network, gain advice, and broaden your perspective. No matter what point you are in your career, mentors are always in your corner encouraging and enabling you. Having someone to lean on isn't a sign of weakness, it is utilizing your collective strengths to help succeed. Alternatively, being a mentor allows you to pass that same knowledge onto someone else. You start to adopt their successes as your own and help them reach their full potential.
