2022 Women in Construction: Atiya Rahim, Project Manager at Erland Construction, Inc.

March 25, 2022 - Spotlights

Atiya Rahim

Within your firm, who has helped you succeed within the industry? How have they helped you? I started at Erland in August of 2016. Right away I was assigned to a project with a very by-the-book project manager, Gregg Conboy, who was all about structure and details. Although it could be challenging at times, working together ended up being the best thing that could've happened to me. Having that clear and unambiguous direction allowed me to grow in my role and feel confident in taking on more responsibility. I am now managing my own projects as a project manager by following the knowledge he provided me and still look to him for guidance when needed.
