The Peabody Companies reaches 15,275 unit milestone

July 08, 2022 - Front Section

Braintree, MA The Peabody Companies has realized a milestone with 15,275 units under its management and nearly 600 team members.

Now celebrating its 46th year in business, the Peabody Companies is one of the largest and most respected management companies in the Northeast, with housing properties under its management throughout New England and communities in New Jersey and Florida.

The award-winning firm's extensive staff experience, expertise, and full-service management capabilities fully support its varied managed property types, including 55+ adult living, assisted living, condominiums, senior housing, veterans housing, mixed-income, and affordable communities.

Despite the largess of the ever-growing portfolio, the Peabody Companies maintains a mission-driven outlook, successfully demonstrating their commitment to both clients and residents through its Peabody Resident Services (PRS) Program. Founded in 1995, this program serves a portfolio of more than 100+ affordable housing communities to promote resident services in affordable housing and was approved by Medicaid (MassHealth) as a Group Adult Foster Care (GAFC) program provider. PRS also provides resident service coordinator consultation services to several nonprofits servicing special populations including veterans and formerly homeless individuals.

"Reaching an industry milestone of this significance speaks to our commitment to providing exceptional quality residential housing for people of all income levels within the communities we serve," said Melissa Fish-Crane, principal and COO of the Peabody Companies. "We strive to provide all our residents with the best living experience possible and will do so as we continue to grow!"
