Workbar to open new location in Woburn, MA

August 26, 2022 - Retail

Woburn, MA Workbar, the leading coworking operator in Mass., will soon be cutting the ribbon on its newest location in Woburn.

At 22,000 s/f, Workbar Woburn will be a cutting-edge workplace option for major firms, small start-ups, and solo entrepreneurs all along the I-95 belt. Combining the flexibility of a remote workspace with the amenities of an urban office, it will feature a fitness center, dry-cleaning pickup and dropoff, multiple cafes, a courtyard, and integrated natural light and greenery. These amenities are on top of the standard-issue features that all Workbar locations include: An on-site support team, collaborative and single-person work areas, and video equipment for videoconferencing.

Woburn was a natural choice for Workbar's latest expansion- the community is fast becoming a hub for life sciences, tech, and professional services northwest of Boston. It was also chosen for its

strategic location at the crossroads of key transportation networks: right along the commuter rail, minutes off of I-93 and Routes 128 and 95, with easy access to Logan Airport and midway between Boston and New Hampshire.
